LEARN TO SOLVE PROBLEMS LIKE THIS

Let a, b, c, d be distinct real numbers such that

$$a = \sqrt{4 + \sqrt{5 + a}},$$

$$b = \sqrt{4 - \sqrt{5 + b}},$$

$$c = \sqrt{4 + \sqrt{5 - c}},$$

$$d = \sqrt{4 - \sqrt{5 - d}}.$$

Find $abcd$.

Our Mission

Have you ever wanted to be good at competition level math? Win prizes and awards at a national level? Come learn how to ace the hardest math contests in the country from some of Payton's brightest and most experienced test takers! Additionally, our tutors are some of WPCP Math Team's most famed mathletes!

We also offer personal, one-on-one math & AP/H Physics 1 tutoring to all students from any grade level. As motivation, SNACKS will be provided, and monthly accomplishment PARTIES will be held to celebrate YOUR learning milestones!!

American Invitational Mathematics Examination
